

OBGYN Associates of Des Moines works with many medical insurance providers. Like all medical offices, we require your co-pay at the time of service. Any deductible applied to our fee or non-covered charges will be your direct responsibility. We encourage all patients to become familiar with their medical insurance coverage and pre-certification requirements. If you are not sure what your policy covers, give us a call and we'll assist you.

We require every patient provide a current copy of their insurance card with each visit. If you do not have your card with you, we will ask that you pay for your visit at the time of service. If you do not have medical health insurance or are receiving medical care that is not covered under your insurance plan, you will be expected to pay for services the same day as your visit.

If your insurance requires pre-authorization for procedures we perform within our office, please inform our billing staff so that we can obtain the appropriate pre-approvals prior to your appointment.

Our billing staff will meet with you to review your obstetrics insurance benefits. Any amounts not covered by insurance become the responsibility of the patient and therefore are expected to be paid in full by the 28th week of pregnancy; this same policy applies to those patients who have no obstetrical benefits coverage. We can help you create an OB budget plan once your benefits have been verified.

OBGYN Associates of Des Moines knows there are things that change in your schedule and we ask that you cancel your appointment 24 hours ahead of time. Please call our office at 515-288-3287 to reschedule. There will be a \$50.00 no-show charge for patients who do not cancel prior to 24 hours.
